## Introducing the NEW NovaLife TRE™ 2 piece soft convex barrier

Relax and take comfort in knowing NovaLife TRE soft convex barrier has the compressibility and gentle support your patients' need to keep their skin at peace.

- The 6mm soft convexity of the barrier helps push the stoma into the pouch and even out peristomal skin.
- 2 piece systems can allow for greater versatility, as the pouches can be swapped without having to change the skin barrier every time. Convenient to click on and off.

Gentle pressure where it's needed for extra protection against leakage, across many body types and stomas. **Visit [www.dansac.com](http://www.dansac.com)**

Prior to use, be sure to read the Instructions for Use for information regarding Intended Use, Contraindications, Warnings, Precautions, and Instructions.
